CLIENT TESTIMONIALS

- ◆ "David Lyons and his team have assisted our businesses in many ways. The Achievement Centre was stepping through a change in ownership structure that required careful consideration to the valued relationships of the stakeholders, while stepping through some unusually difficult circumstances. David's skill in understanding the technical legal requirements, combined with his ability to demonstrate empathy for all sides during the negotiations, was key in helping us reach a very successful conclusion. At every step, David and Lerners met their timeline commitments and exceeded their professional commitments. It is for this reason that we have continued to utilize David and Lerners for a wide variety of commercial law needs."
